

Make Your Summer Camp Sizzle with Hands-On Science Fun!

Bubble-ology©

Learn about the electromagnetic spectrum with our Bubble BIV experiment. Build a bubble city! Start your engines for our bubble races!

Drip Drop©

Get up close and personal with several different types of drops. Make a paperclip float, make a bubble tower and much more!

Gas Blast©

Discover how gasses are made naturally and chemically. Have fun in our gas races. Build your very own anemometer and much more!

Going in Circles©

Make bubbles go in circles and build your very own Loop Plane to keep!

Go With the Flow©

Discover the amazing science of how things flow. Have FUN as we learn about erosion 3 different ways. Explore the way that air flows, and water flows.

Kitchen Chemistry©

Roll up your sleeves for some CHEMISTRY FUN! Make your very own sidewalk chalk! Create our amazing blow mud & blow it up like a balloon!

Lab 101©

Use chemicals to make slippery slime. Learn all about acids and bases with our special indicator as chemicals magically change color instantly.

Light Fever©

Pull out your psychedelic glasses to meet ROY G. BIV. Learn all the groovy news about light and how it travels. Develop your own Solar Picture.

Mission Control©

Experience a real launch, from rocket assembly to BLAST OFF! Learn about escape velocity and calculate the altitude of your rocket.

Nutty Newton©

Become a mechanic, a Newtonian Mechanic that is! Learn all about those incredible forces. Have fun as we experience the laws of physics.

Rock & Roll©

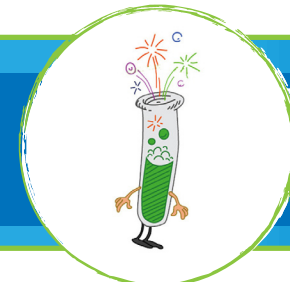

Discover the wonderful world of rocks. Pan for gems, become a real geologist as you classify your rocks. Take home an assortment of real beauties.

Totally Tasty Science©

Science like you've never seen or tasted! YUM!

Science Made Fun!

"The scientist was very friendly and helpful to our students and staff. She was very informative with the kids and the students were engaged in the activity!"

Patricia Tenant
YWCA
Asheville, NC

"I am so grateful for the partnership that I have with you all! My students were so excited and engaged! You presented content in a clear way and gave my students wonderful insight to weather!"

L. McMurray
Sugarloaf Elementary School
Hendersonville, NC

"Wonderful! The students were very excited about the experiment. The volcanoes were a huge success!! Thanks!"

Mrs. Lynne Cuprow
Veritas Christian Academy
Fletcher, NC

"Loved the amount of experiments! Students stayed involved and interacted. An hour wasn't long enough!"

Amanda Garrett
Shoally Creek Elementry
Spartenburg, SC

SUMMER SCIENCE!

No Bus, No Fuss!

Bring the wonder of science & nature to your campers this summer! Our innovative & interactive summer workshops encourage kids to explore their natural curiosity for science with our exciting programs, geared for the preschool to sixth grade child.

Scientists engage each group of campers in 30-minutes of non-stop, hands-on, FUN learning! Our scientists can accommodate as many 30-minute workshops as necessary to meet the needs of your camp.

All materials & equipment are included in this supply intensive, educational and fun experience. Each child will make their own experiment to keep.

- Price: \$5.00/child, \$150.00 minimum
- Please note a \$10.00 travel fee may apply
- Reservations are required
- Ask about our Summer Camp specials!
