

High Touch High Tech[®]

Science Experiences That Come To You[™]

Frequently Asked Questions:

Q: Can programs be adapted for different grade levels?

A: Yes! Although programs may be listed on our brochure for a specific grade, they can be easily adapted for all grades.

Q: Can teachers step out of the classroom while the Scientist is facilitating the program?

A: Teachers are requested to remain in the classroom throughout the program. We encourage teachers to participate and rely on their feedback to assist in our efforts to continuously improve upon our FUN and exciting hands on science experiences.

Q: How should I set up my classroom in preparation for the Scientist?

A: Our Scientist and your students will need either desk tops or table tops at which to conduct their hands-on science experiments. We also ask that you have a Chalkboard or Dry Erase board available for use by our Scientist. Note that some programs may require access to water; therefore, access to a sink and tap would also be helpful.

Q: Are the supplies included with the program?

A: All supplies are provided by High Touch High Tech. Our Scientist will bring enough supplies for each student to enjoy a hands on experience.

Q: How many Scientists will facilitate each program?

A: One Scientist will be assigned to each classroom/program.

Q: What is the length of each program?

A: Programs run for 90-minutes and are action packed with FUN hands on science experiences for each and every student in your class.

Q: When will the Scientist arrive?

A: Our Scientists require only 15-30 minutes to set up for your program; therefore, you should expect them to arrive approximately 30 minutes prior to the start of your program.

Q: How will I be able to identify the Scientist?

A: Our Scientists will be easy to identify in their white, High Touch High Tech lab coats.

Q: How do I make a reservation for my classroom?

A: Reservations can be made via phone or on-line. You can find our contact information below or click on our "Reservations" page and complete the form on-line.

Q: Can I pay for a HTHT in-school field trip with grant dollars that have been awarded to my school?

A: Yes. Many schools pay for their High Touch High Tech programs with grant dollars received via Title One Dollars, 21st Century Grant, Eisenhower Grant and several Local & State Grants.

Q: Should we ask parents to participate in our in school field trip?

A: Yes. Having 1-2 parents join us is a great way for them to see what they are getting for their money.
