Science Made Fun!

Put the WOW back in Science!

Turn your afterschool program into a living laboratory through hands-on experimenting with High Touch High Tech! Our programs have your students learn by **DOING** science, not just **VIEWING** science!

We are a CMS ASEP Approved Vendor. We offer one time programs that last for 90 minutes & we can divide that into as many 30 or 45 minute workshops as necessary to meet the needs of your afterschool. We also offer Enrichments that meet for 1 hour each week over an 8-12 week period. Visit our website for pricing, programs, reviews and more!
