**Afterschool Programs**  
**We Come to You!**

High Touch High Tech offers Afterschool Science Programs that tap into children's natural curiosity to help make learning FUN! Our supplies and equipment encourage hands-on participation for all children from Kindergarten through 5<sup>th</sup> grade. Exciting programming for special needs children is also available.

Our programs last for 30-minutes. We can accommodate as many 30-minute programs as necessary to meet the needs of your school. All programs provide take home materials and are S.T.E.A.M. driven in order to heighten the impact of the learning experience.

**Pricing:**

- \$225.00 minimum fee for up to 50 children; \$4.50 for each additional student.
- Hour-long enrichments available for groups of 25 or less at a set fee of \$200.00.
- **Ask about our NEW, exciting, cost saving Assembly Style Programs for large groups of children!**  
**\$350.00 / 45-minute assembly**

**Book Early Release days now! Space is limited.**

Large Afterschool? No problem...we'll send an extra scientist!

PBC SACC Directors: We will offer assistance with the Consultant Agreement!

Miami-Dade, Martin County & Belle Glade area, \$40.00 travel fee per visit.

**Attn. Afterschool Director**

**“I hear and I forget, I see and I remember, I do and I understand.” - Confucius**

## **Programming Information:**

**Arctic Antics**® - Learn why the Earth is hot and cold at the same time. Discover why the Polar Bear likes the snow and make your own Polar Bear habitat with some snow to keep!

**Crazy Chemical Concoctions**® - We'll make all kinds of crazy concoctions as we explore real chemistry. Make "slime" as we roll up your sleeves for this one!

**Weather Wizards**® - Feel the pressure...air pressure that is! We'll make an egg go into a bottle and play with tornadoes as we see the power of air. Take home your very own Helicopter!

### **Disaster, Disaster**®

Become a Volcanologist and discover the Ring of Fire. Explore the awesome world of volcanoes as we move magma. Get ready for explosive FUN and take home various volcanic rocks.

### **Edible Science**®

Discover the amazing science of our senses. We will learn how our nose helps our tongue taste things and make your own yummy "gummy drop" candy to eat.

### **Rock & Roll**®

Step back in time to the days of the old prospectors as we search for real gems. Become a real geologist as we classify our stones. Take home an assortment of real beauties, maybe even gold!

### **Invisible Forces**®

Learn about science we cannot see as we investigate the forces behind magnets and the Sun. Take home color changing ultraviolet detecting beads.

**Shoot for the Stars**® - Learn about our galaxy: The Milky Way. We'll be "glowing" as we discover outer space. Journey through the Cosmos as we make glow-in-the-dark Space Mud to keep.

**Dino Daze**® - Become a paleontologist as we explore real fossils. Learn about the Scientific Theory related to their extinction and make your very own fossil to keep.

## **NEW:**

Assembly Style Programs to accommodate large groups. Exciting, Scientific and FUN! Call Now for more information!
