Science Experiences That Come To You

High Touch High Tech® has been fueling the imaginations of children everywhere, since 1994, by providing FUN, interactive, hands-on science and nature experiences for children. Through discovery style learning and inquiry based dialogue, children are engaged in exciting programs that encourage them to explore the many wonders of science.

Our programs expose children at an early age to the amazing world of science and nature! With more than 2 million children participating in our programs annually, High Touch High Tech has emerged as the leader in innovative science programming.

- In-School Field Trips – Scientists come to your classroom and facilitate a 90-minute hands-on science experience. Programs are aligned with the State Standard Course of Study in Science and build confidence for standardized testing.
- Preschool Programs – Our preschool programs fuel budding imaginations in science. Programs are age appropriate and build upon developmental skills.
- Afterschool Programs – When school is out, High Touch High Tech is in session! Programs are designed to be completely FUN, educational and fully entertaining for your Afterschool participants.

- Enrichment Programs – Six to Eight week sessions that explore a number of exciting science topics and often include take-home experiments.

- Summer Camps – Make a splash at your summer camp with our hands-on science experiences for your campers.

- Birthday Parties – Every child is a REAL scientist and participates in REAL science experiments. Our science birthday parties are erupting with fun and create memories to last a lifetime.

- Stretching Curiosity Mini-Camps – Join our full-day programs and nurture your child's natural curiosity about science & nature.

- Science & Nature Discovery Summer Camp – Our 2-week full-day science & nature discover camp will take an up close look at how science can be found all around!

- Scouting Programs – Our hands-on science programs help your scouts meet the requirements to achieve their science badge.

- Corporate Events – High Touch High Tech hands-on science programs are a great addition to company picnics, receptions, holiday events and more.
