In-School Science Workshops

- High Touch High Tech offers FUN & educational 90 minute in-school science & nature workshops.
- Our programs align with state standards for science education.
- Totally hands-on & totally participatory for each student.
- Not an assembly; each class gets their own 90 minute program to really focus on the topic, and have all students actively experimenting.
- All equipment & materials provided. Students receive educational handouts and/or take home experiments, plus a certificate of participation.
- Our fee is \$7.50 per student plus a \$10.00 travel fee per scientist per day. Teachers & chaperones are admitted free of charge.
- Program fees are usually paid by the Parents, the PTA/PTO, or grant dollars.
- Reservations are required & must be accompanied by a \$35.00 non-refundable deposit per class to hold your requested date & time. Your deposit will be applied to the total balance.
- Book online at <http://CLT.ScienceMadeFun.net> or call today at 704.765.9273.

Science Experiences That Come To You

704.765.9273

<http://CLT.ScienceMadeFun.net>

****OUR PROGRAMS MEET STATE STANDARDS FOR SCIENCE & CAN BE ADAPTED FOR ANY GRADE!****

Dig It© (K-2nd)

Explore the world of Geology. Learn about minerals, rocks, gems, and how they are made. Pan for real gems and keep what you find! Perform acid tests and more as we classify our gems!

Get Buggy© (K-2nd)

Explore the many ways bugs help our world. We'll examine many types of bugs, see through their eyes, perform honey taste tests, and more. Touch the Madagascar Hissing Cockroaches!

Let's Make Sense© (K-2nd)

Have FUN as we make sense out of our senses! Explore our 5 senses, 1 sense at a time. Discover how much we rely on our senses!

Sounds Like Fun© (K-2nd)

Learn about the different types of sound. Discover what sounds actually are. Make sound travel through different media. Build your very own ear drum and make salt dance!

Weather or Not© (K-2nd)

Learn about weather as we take an up close look at a real tornado. Watch as we make thunder, discover air pressure, go ice fishing and more. We'll even touch lightning!

What's The Matter© (K-2nd)

Find out what really matters. Have FUN as we explore all different types of matter. Make bubble cups, watch air take up space and even have a contest with carbon dioxide!

Cosmic Capers© (3rd-5th)

Travel through space as we explore our solar system. Have a real impact as we become crater makers. Learn about planets, moons, eclipses and more. Enjoy some astronaut ice cream!

Edison's Workshop© (3rd-5th)

Explore the amazing world of electricity. Perform shocking experiments with static and current electricity. Work with circuits and more. Get all the Hair-Raising data!

Get Off My Back© (3rd-5th)

No Bones About It - it's cool to be a vertebrate! Stay connected as we work with skeletons and make our very own ball and socket joints. Discover other animal bones and more!

Newton In A Nutshell© (3rd-5th)

Step back in time to the days of Newton. Have a hands-on look at inertia and motion. Discover gravity and have FUN as we push, pull, and get the job done!

Smarty Plants© (3rd-5th)

Discover the amazing world of plants. Learn about photosynthesis and germination. Have a hands-on look at roots, shoots, and transportation inside a plant. Get all the "seedy" facts!

Survive and Thrive© (3rd-5th)

As a new zoologist, your students will journey through the amazing ways animals survive and adapt on earth. We'll play a moth camouflage game, build a habitat, and more!

Science Made Fun!

"We all loved it! High interest, engagement, and learning. Will definitely use again and recommend! Tons of fun!"

Ms. Browning, 5th Grade
Devonshire Elementary School
Charlotte, NC

Early Bird Booking

Schedule and complete an in-school workshop before Oct. 31st and receive a discounted rate of \$7.00 per student!

Only one promotion per booking.
Call for details!
