

High Touch High Tech[®]

Science Experiences That Come To You[™]

Vacation Camp Programs Frequently Asked Questions (FAQ's)

Q: Are the supplies included with the program?

A: All supplies are provided by High Touch High Tech. Our Scientist will bring enough supplies for each camper to enjoy a hands-on experience.

Q: When will the Scientist arrive?

A: Our Scientists require only 10-15 minutes to set up for your program; therefore, you should expect them to arrive approximately 15 minutes prior to the start of your program.

Q: Is a deposit required when I make my reservation?

A: Yes. We require a \$50.00 deposit along with a signed copy of your confirmation letter in order to hold your requested date.

Q: Do you require tables or can we simply use a rug for the children?

A: We require tables for most classes for the children to do their hands-on experiments.

Q: Do you move from class to class or do we move the children to the scientist?

A: Both. We will accommodate whatever works best for your camp. It is easier for us not to move but we realize that many facilities do not have a multipurpose or empty room.

Q: Why do you cap the class size at 20 children?

A: In order to maintain the hands-on nature of our programming and provide assistance to as many children as required, we request to limit the size of the class.

Programming provided in
Elementary Schools • After School Programs • Pre-Schools • Vacation Camps •
Birthday Parties • Corporate Events
