

high touch high tech

**Sizzlin' Summer Science Programs  
We Come to You!**

High Touch High Tech offers Science Programs that tap into children's natural curiosity to help make learning FUN! Our supplies and equipment encourage hands-on learning for all children from preschool through eighth grade.

Our programs last for 30 minutes. We can provide as many 30 minute programs as necessary to meet the needs of your camp.

Scientists will engage each group of children in FUN, hands-on, experiments.

All programs provide cool take homes.

***We can easily adapt our programs to meet the needs of all unique learners!***

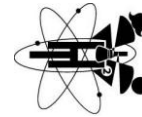

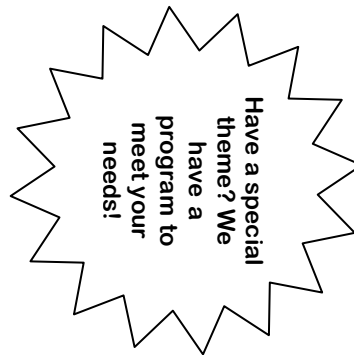

**\*Large camps** (more than 50 children)  
\$4.50 per child with a minimum program fee of \$225.00.

**\*Small camps** (25-50 children), 2/30 minute groups at a set fee of \$200.00.

**\*Camps with 25 children or less**  
We offer an hour long "mini-camp" at a set fee of **\$175.00**.

Travel Fee: \$40.00 to Miami-Dade & Martin County.

Make your summer camp Sizzle with High Touch High Tech hands-on science programs

## Programming Information:

**Arctic Antics**® - Are you into Intuits like we are? Go north of the Arctic Circle as we learn how to keep warm. We'll even get to play in the snow and make a Polar Bear Habitat to keep!

**Crazy Chemical Concoctions**® - We'll make all kinds of crazy concoctions as we explore real chemistry. Make "slime" as we roll up your sleeves for this one!

**Weather Wizards**® - Feel the pressure...air pressure that is! We'll make an egg go into a bottle and play with tornadoes as we see the power of air. Take home your very own Helicopter!

### **Disaster, Disaster**®

Become a Volcanologist and discover the Ring of Fire. Explore the awesome world of volcanoes as we move magma. Get ready for explosive FUN and take home various volcanic rocks.

### **Edible Science**®

Discover the amazing science of our senses. We will learn how our nose helps our tongue taste things and make your own yummy "gummy drop" candy to eat.

### **Rock & Roll**®

Step back in time to the days of the old prospectors as we search for real gems. Become a real geologist as we classify our stones. Take home an assortment of real beauties, maybe even gold!

### **Invisible Forces**®

Learn about science we cannot see as we investigate the forces behind magnets and the Sun. Take home color changing ultraviolet detecting beads.

**Shoot for the Stars**® - Learn about our galaxy: The Milky Way. We'll be "glowing" as we discover outer space. Journey through the Cosmos as we make glow-in-the-dark Space Mud to keep.

**Dino Daze**® - Become a paleontologist as we explore real fossils. Learn about the Scientific Theory related to their extinction and make your very own fossil to keep.

Does your school require a **Certificate of Insurance**? We can add you as **Additionally Insured** upon request!
