**Sizzlin' Summer Science Programs  
We Come to You!**

High Touch High Tech offers Science Programs that tap into children's natural curiosity to help make learning FUN! Our supplies and equipment encourage hands-on learning for all children from preschool through eighth grade.

Our programs last for 30 minutes. We can provide as many 30 minute programs as necessary to meet the needs of your camp.

Scientists will engage each group of children in FUN, hands-on, experiments. All programs provide cool take homes.

*We can easily adapt our programs to meet the needs of all unique learners!*

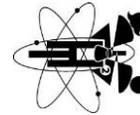

**\*Large camps** (more than 50 children)  
\$4.50 per child with a minimum program fee of \$225.00.

**\*Small camps** (25-50 children), 2/30 minute groups at a set fee of \$200.00.

**\*Camps with 25 children or less**  
We offer an hour long "mini-camp" at a set fee of **\$175.00**.

Travel Fee: \$40.00 to Miami-Dade, Belle Glade area & Martin County.

Make your summer camp Sizzle with High Touch High Tech hands-on science programs

## Programming Information:

### Bugs, Bugs, Bugs®

Get caught in the vast web of information about insects & spiders. Learn the difference between these little critters. Take a close look at real insects and see why they are so important.

### Cool Coastal Science®

Explore our amazing underwater world. Discover the importance of coral reefs and make your very own reef to keep!

### Crazy Chemical Concoctions®

Take the mystery out of chemistry and have FUN at the same time. Uncover the facts as we make our own gooey, stretchy stuff to keep.

### Volcanoes®

Become a Volcanologist and discover the Ring of Fire. Explore the awesome world of volcanoes as we move magma. Get ready for explosive FUN and take home various volcanic rocks.

### Bubble Blast®

Discover rainbows and ROY G. BIV. Experience Surface Tension as we have water molecule races. Have a blast with bubbles as we observe many beautiful colors.

### Gold Rush®

Step back in time to the days of the old prospectors as we search for real gems. Become a real geologist as we classify our stones. Take home an assortment of real beauties, maybe even gold!

### Invisible Forces®

Learn about science we cannot see as we investigate the forces behind magnets and the Sun. Take home color changing ultraviolet detecting beads.

### Mystery Science®

Discover how mysterious science can be. Make water disappear and grow cool super absorbent crystals to keep!

### Primarily Plants®

Discover how cool plants really are. Learn all about what plants need to grow. Build your own greenhouse and observe the amazing water cycle happen inside!

Does your school require a Certificate of Insurance? We can add you as Additionally Insured upon request!
